**Centers for Medicare & Medicaid Services** 

[CMS-9082-N]

Medicare and Medicaid Programs; Quarterly Listing of Program Issuances—

October through December 2013

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Notice

**SUMMARY:** This quarterly notice lists CMS manual instructions, substantive and interpretive regulations, and other **Federal Register** notices that were published from October through December 2013, relating to the Medicare and Medicaid programs and other programs administered by CMS.

**FOR FURTHER INFORMATION CONTACT:** It is possible that an interested party may need specific information and not be able to determine from the listed information whether the issuance or regulation would fulfill that need. Consequently, we are providing contact persons to answer general questions concerning each of the addenda published in this notice.

#### I. Background

The Centers for Medicare & Medicaid Services (CMS) is responsible for administering the Medicare and Medicaid programs and coordination and oversight of private health insurance.

Administration and oversight of these programs involves the following: (1) furnishing information

to Medicare and Medicaid beneficiaries, health care providers, and the public; and (2) maintaining effective communications with CMS regional offices, state governments, state Medicaid agencies, state survey agencies, various providers of health care, all Medicare contractors that process claims and pay bills, National Association of Insurance Commissioners (NAIC), health insurers, and other stakeholders. To implement the various statutes on which the programs are based, we issue regulations under the authority granted to the Secretary of the Department of Health and Human Services under sections 1102, 1871, 1902, and related provisions of the Social Security Act (the Act) and Public Health Service Act. We also issue various manuals, memoranda, and statements necessary to administer and oversee the programs efficiently.

Section 1871(c) of the Act requires that we publish a list of all Medicare manual instructions, interpretive rules, statements of policy, and guidelines of general applicability not issued as regulations at least every 3 months in the **Federal Register**.

#### **II. Revised Format for the Quarterly Issuance Notices**

While we are publishing the quarterly notice required by section 1871(c) of the Act, we will no longer republish duplicative information that is available to the public elsewhere. We believe this approach is in alignment with CMS' commitment to the general principles of the President's Executive Order 13563 released January 2011entitled "Improving Regulation and Regulatory Review," which promotes modifying and streamlining an agency's regulatory program to be more effective in achieving regulatory objectives. Section 6 of Executive Order 13563 requires agencies to identify regulations that may be "outmoded, ineffective, insufficient, or excessively burdensome, and to modify, streamline, expand or repeal them in accordance with what has been learned." This approach is also in alignment with the President's Open Government and Transparency Initiative that establishes a system of transparency, public participation, and collaboration.

Therefore, this quarterly notice provides only the specific updates that have occurred in the 3-month period along with a hyperlink to the full listing that is available on the CMS website or the

appropriate data registries that are used as our resources. This information is the most current upto-date information and will be available earlier than we publish our quarterly notice. We believe
the website list provides more timely access for beneficiaries, providers, and suppliers. We also
believe the website offers a more convenient tool for the public to find the full list of qualified
providers for these specific services and offers more flexibility and "real time" accessibility. In
addition, many of the websites have listservs; that is, the public can subscribe and receive
immediate notification of any updates to the website. These listservs avoid the need to check the
website, as notification of updates is automatic and sent to the subscriber as they occur. If assessing
a website proves to be difficult, the contact person listed can provide information.

#### III. How to Use the Notice

This notice is organized into 15 addenda so that a reader may access the subjects published during the quarter covered by the notice to determine whether any are of particular interest. We expect this notice to be used in concert with previously published notices. Those unfamiliar with a description of our Medicare manuals should view the manuals at <a href="http://www.cms.gov/manuals">http://www.cms.gov/manuals</a>.

4

Authority: (Catalog of Federal Domestic Assistance Program No. 93.773, Medicare--Hospital Insurance, Program No. 93.774, Medicare--Supplementary Medical Insurance Program, and Program No. 93.714, Medical Assistance Program)

Dated: January 24, 2014.

Kathleen Cantwell,

Director,

Office of Strategic Operations and

Regulatory Affairs.

**BILLING CODE 4120-01-P** 

#### **Publication Dates for the Previous Four Quarterly Notices**

We publish this notice at the end of each quarter reflecting information released by CMS during the previous quarter. The publication dates of the previous four Quarterly Listing of Program Issuances notices are: November 9, 2012 (77 FR 67368), May 3, 2013 (78 FR 26038) July 26, 2013 (78 FR 45233), and November 8, 2013 (78 FR 67153). For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period along with a hyperlink to the website to access this information and a contact person for questions or additional information.

### Addendum I: Medicare and Medicaid Manual Instructions (October through December 2013)

The CMS Manual System is used by CMS program components, partners, providers, contractors, Medicare Advantage organizations, and State Survey Agencies to administer CMS programs. It offers day-to-day operating instructions, policies, and procedures based on statutes and regulations, guidelines, models, and directives. In 2003, we transformed the CMS Program Manuals into a web user-friendly presentation and renamed it the CMS Online Manual System.

#### How to Obtain Manuals

The Internet-only Manuals (IOMs) are a replica of the Agency's official record copy. Paper-based manuals are CMS manuals that were officially released in hardcopy. The majority of these manuals were transferred into the Internet-only manual (IOM) or retired. Pub 15-1, Pub 15-2 and Pub 45 are exceptions to this rule and are still active paper-based manuals. The remaining paper-based manuals are for reference purposes only. If you notice policy contained in the paper-based manuals that was not transferred to the IOM, send a message via the CMS Feedback tool.

Those wishing to subscribe to old versions of CMS manuals should contact the National Technical Information Service, Department of Commerce, 5301 Shawnee Road, Alexandria, VA 22312 Telephone (703-605-6050). You can download copies of the listed material free of charge at: http://cms.gov/manuals.

#### How to Review Transmittals or Program Memoranda

Those wishing to review transmittals and program memoranda can access this information at a local Federal Depository Library (FDL). Under the FDL program, government publications are sent to approximately 1,400

designated libraries throughout the United States. Some FDLs may have arrangements to transfer material to a local library not designated as an FDL. Contact any library to locate the nearest FDL. This information is available at http://www.gpo.gov/libraries/

In addition, individuals may contact regional depository libraries that receive and retain at least one copy of most federal government publications, either in printed or microfilm form, for use by the general public. These libraries provide reference services and interlibrary loans; however, they are not sales outlets. Individuals may obtain information about the location of the nearest regional depository library from any library. CMS publication and transmittal numbers are shown in the listing entitled Medicare and Medicaid Manual Instructions. To help FDLs locate the materials, use the CMS publication and transmittal numbers. For example, to find the Medicare Claims Processing publication titled Maintenance and Update of the Temporary Hook Created to Hold OPPS Claims that Include Certain Drug HCPCS Codes use CMS-Pub. 100-04, Transmittal No. 2797.

Addendum I lists a unique CMS transmittal number for each instruction in our manuals or program memoranda and its subject number. A transmittal may consist of a single or multiple instruction(s). Often, it is necessary to use information in a transmittal in conjunction with information currently in the manual. For the purposes of this quarterly notice, we list only the specific updates to the list of manual instructions that have occurred in the 3-month period. This information is available on our website at <a href="https://www.cms.gov/Manuals">www.cms.gov/Manuals</a>.

# Addendum II: Regulation Documents Published in the Federal Register (October through December 2013) Regulations and Notices

Regulations and notices are published in the daily **Federal Register**. To purchase individual copies or subscribe to the **Federal Register**, contact GPO at <a href="www.gpo.gov/fdsys">www.gpo.gov/fdsys</a>. When ordering individual copies, it is necessary to cite either the date of publication or the volume number and page number.

The **Federal Register** is available as an online database through GPO Access. The online database is updated by 6 a.m. each day the **Federal Register** is published. The database includes both text and graphics from Volume 59, Number 1 (January 2, 1994) through the present date and can be accessed at <a href="http://www.gpoaccess.gov/fr/index.html">http://www.gpoaccess.gov/fr/index.html</a>. The following website <a href="http://www.archives.gov/federal-register/">http://www.archives.gov/federal-register/</a> provides information on how to access electronic editions, printed editions, and reference copies.

This information is available on our website at: <a href="http://www.cms.gov/quarterlyproviderupdates/downloads/Regs-4013QPU.pdf">http://www.cms.gov/quarterlyproviderupdates/downloads/Regs-4013QPU.pdf</a>

For questions or additional information, contact Terri Plumb (410-786-4481).

#### **Addendum III: CMS Rulings**

CMS Rulings are decisions of the Administrator that serve as precedent final opinions and orders and statements of policy and interpretation. They provide clarification and interpretation of complex or ambiguous provisions of the law or regulations relating to Medicare, Medicaid, Utilization and Quality Control Peer Review, private health insurance, and related matters.

The rulings can be accessed at <a href="http://www.cms.gov/Regulations-and-Guidance/Guidance/Rulings">http://www.cms.gov/Regulations-and-Guidance/Guidance/Rulings</a>. For questions or additional information, contact Tiffany Lafferty (410-786-7548).

### Addendum IV: Medicare National Coverage Determinations (October through December 2013)

Addendum IV includes completed national coverage determinations (NCDs), or reconsiderations of completed NCDs, from the quarter covered by this notice. Completed decisions are identified by the section of the NCD Manual (NCDM) in which the decision appears, the title, the date the publication was issued, and the effective date of the decision. An NCD is a determination by the Secretary for whether or not a particular item or service is covered nationally under the Medicare Program (title XVIII of the Act), but does not include a determination of the code, if any, that is assigned to a particular covered item or service, or payment determination for a particular covered item or service. The entries below include information concerning completed decisions, as well as sections on program and decision memoranda, which also announce decisions or, in some cases, explain why it was not appropriate to issue an NCD. Information on completed decisions as well as pending decisions has also been posted on the CMS website. For the purposes of this quarterly notice, we list only the specific updates that have occurred in the 3-month period. This information is available at: www.cms.gov/medicare-coveragedatabase/. For questions or additional information, contact Wanda Belle (410-786-7491).

Title	NCDM Section	Transmittal Number	Issue Date	Effective Date
TAVR Code Update	NCD20.32	TR2827	11/29/2013	01/06/2014
Changes to the Laboratory National Coverage Determination (NCD) Software for ICD-10 Codes	NCD190	TN2806	11/06/2013	01/06/2014
Bariatric Facility Certification Requirements	NCD100.1	TN 157	11/20/2013	12/17/2013

# Addendum V: FDA-Approved Category B Investigational Device Exemptions (IDEs) (October through December 2013)

Addendum V includes listings of the FDA-approved investigational device exemption (IDE) numbers that the FDA assigns. The listings are organized according to the categories to which the devices are assigned (that is, Category A or Category B), and identified by the IDE number. For the purposes of this quarterly notice, we list only the specific updates to the Category B IDEs as of the ending date of the period covered by this notice and a contact person for questions or additional information.

For questions or additional information, contact John Manlove (410-786-6877).

Under the Food, Drug, and Cosmetic Act (21 U.S.C. 360c) devices fall into one of three classes. To assist CMS under this categorization process, the FDA assigns one of two categories to each FDA-approved investigational device exemption (IDE). Category A refers to experimental IDEs, and Category B refers to non-experimental IDEs. To obtain more information about the classes or categories, please refer to the notice published in the April 21, 1997 **Federal Register** (62 FR 19328).

### Addendum VI: Approval Numbers for Collections of Information (October through December 2013)

All approval numbers are available to the public at Reginfo.gov. Under the review process, approved information collection requests are assigned OMB control numbers. A single control number may apply to several related information collections. This information is available at <a href="https://www.reginfo.gov/public/do/PRAMain">www.reginfo.gov/public/do/PRAMain</a>. For questions or additional information, contact Mitch Bryman (410-786-5258).

# Addendum VII: Medicare-Approved Carotid Stent Facilities, (October through December 2013)

Addendum VII includes listings of Medicare-approved carotid stent facilities. All facilities listed meet CMS standards for performing carotid artery stenting for high risk patients. On March 17, 2005, we issued our decision memorandum on carotid artery stenting. We determined that carotid artery stenting with embolic protection is reasonable and necessary only if performed in facilities that have been determined to be competent in performing the evaluation, procedure, and follow-up necessary to ensure

optimal patient outcomes. We have created a list of minimum standards for facilities modeled in part on professional society statements on competency. All facilities must at least meet our standards in order to receive coverage for carotid artery stenting for high risk patients. For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period. This information is available at: <a href="http://www.cms.gov/MedicareApprovedFacilitie/CASF/list.asp#TopOfPage">http://www.cms.gov/MedicareApprovedFacilitie/CASF/list.asp#TopOfPage</a> For questions or additional information, contact Lori Ashby (410-786-6322).

#### **Addendum VIII:**

#### American College of Cardiology's National Cardiovascular Data Registry Sites (October through December 2013)

Addendum VIII includes a list of the American College of Cardiology's National Cardiovascular Data Registry Sites. We cover implantable cardioverter defibrillators (ICDs) for certain clinical indications, as long as information about the procedures is reported to a central registry. Detailed descriptions of the covered indications are

available in the NCD. In January 2005, CMS established the ICD Abstraction Tool through the Quality Network Exchange (QNet) as a temporary data collection mechanism. On October 27, 2005, CMS announced that the American College of Cardiology's National Cardiovascular Data Registry (ACC-NCDR) ICD Registry satisfies the data reporting requirements in the NCD. Hospitals needed to transition to the ACC-NCDR ICD Registry by April 2006.

Effective January 27, 2005, to obtain reimbursement, Medicare NCD policy requires that providers implanting ICDs for primary prevention clinical indications (that is, patients without a history of cardiac arrest or spontaneous arrhythmia) report data on each primary prevention ICD procedure. Details of the clinical indications that are covered by Medicare and their respective data reporting requirements are available in the Medicare NCD Manual, which is on the CMS website at <a href="http://www.cms.hhs.gov/Manuals/IOM/itemdetail.asp?filterType=none&filterByDID=99&sortByDID=1&sortOrder=ascending&itemID=CMS014961">http://www.cms.hhs.gov/Manuals/IOM/itemdetail.asp?filterType=none&filterByDID=99&sortByDID=1&sortOrder=ascending&itemID=CMS014961</a>

A provider can use either of two mechanisms to satisfy the data reporting requirement. Patients may be enrolled either in an Investigational Device Exemption trial studying ICDs as identified by the FDA or in the ACC-NCDR ICD registry. Therefore, for a beneficiary to receive a Medicare-covered ICD implantation for primary prevention, the beneficiary must receive the scan in a facility that participates in the ACC-NCDR ICD registry. The entire list of facilities that participate in the ACC-NCDR ICD registry can be found at <a href="https://www.ncdr.com/webncdr/common">www.ncdr.com/webncdr/common</a>

For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period. This information is available by accessing our website and clicking on the link for the American College of Cardiology's National Cardiovascular Data Registry at: <a href="www.ncdr.com/webncdr/common">www.ncdr.com/webncdr/common</a>. For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

Facility	City	State

Kaiser Permanente - Panorama City	Panorama City	CA		
Fallbrook Hospital	Fallbrook	CA		

### Addendum IX: Active CMS Coverage-Related Guidance Documents (October through December 2013)

There are no CMS coverage-related guidance documents published in the October through December 2013 quarter. To obtain the document, visit the CMS coverage website at <a href="http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=23">http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=23</a>. For questions or additional information, contact Lori Ashby (410-786-6322).

#### Addendum X:

#### List of Special One-Time Notices Regarding National Coverage Provisions (October through December 2013)

There were no special one-time notices regarding national coverage provisions published in the October through December 2013 quarter. This information is available at <a href="https://www.cms.hhs.gov/coverage">www.cms.hhs.gov/coverage</a>. For questions or additional information, contact Lori Ashby (410-786-6322).

# Addendum XI: National Oncologic PET Registry (NOPR) (October through December 2013)

Addendum XI includes a listing of National Oncologic Positron Emission Tomography Registry (NOPR) sites. We cover positron emission tomography (PET) scans for particular oncologic indications when they are performed in a facility that participates in the NOPR.

In January 2005, we issued our decision memorandum on **positron emission tomography** (PET) scans, which stated that CMS would cover PET scans for particular oncologic indications, as long as they were performed in the context of a clinical study. We have since recognized the National Oncologic PET Registry as one of these clinical studies. Therefore, in order for a beneficiary to receive a Medicare-covered PET scan, the beneficiary must receive the scan in a facility that participates in the registry. For the purposes of this quarterly notice, we list only the specific updates to the listing of National Oncologic Positron Emission Tomography Registry (NOPR) in the October through December 2013 quarter. This information is available at <a href="http://www.cms.gov/MedicareApprovedFacilitie/NOPR/list.asp#TopOfPage">http://www.cms.gov/MedicareApprovedFacilitie/NOPR/list.asp#TopOfPage</a>.

For questions or additional information, contact Stuart Caplan, RN, MAS (410-786-8564).

# Addendum XII: Medicare-Approved Ventricular Assist Device (Destination Therapy) Facilities (October through December 2013)

Addendum XII includes a listing of Medicare-approved facilities that receive coverage for ventricular assist devices (VADs) used as destination therapy. All facilities were required to meet our standards in order to receive coverage for VADs implanted as destination therapy. On October 1, 2003, we issued our decision memorandum on VADs for the clinical indication of destination therapy. We determined that VADs used as destination therapy are reasonable and necessary only if performed in facilities that have been determined to have the experience and infrastructure to ensure optimal patient outcomes. We established facility standards and an application process. All facilities were required to meet our standards in order to receive coverage for VADs implanted as destination therapy.

For the purposes of this quarterly notice, we are providing only the specific updates that have occurred to the list of Medicare-approved facilities that meet our standards in the 3-month period. This information is available at

http://www.cms.gov/MedicareApprovedFacilitie/VAD/list.asp#TopOfPage. For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

Facility	Provider Number	Date Approved	State

York, PA 17405			

### Addendum XIII: Lung Volume Reduction Surgery (LVRS) (October through December 2013)

Addendum XIII includes a listing of Medicare-approved facilities that are eligible to receive coverage for lung volume reduction surgery. Until May 17, 2007, facilities that participated in the National Emphysema Treatment Trial were also eligible to receive coverage. The following three

types of facilities are eligible for reimbursement for Lung Volume Reduction Surgery (LVRS):

- National Emphysema Treatment Trial (NETT) approved (Beginning 05/07/2007, these will no longer automatically qualify and can qualify only with the other programs);
- Credentialed by the Joint Commission (formerly, the Joint Commission on Accreditation of Healthcare Organizations (JCAHO)) under their Disease Specific Certification Program for LVRS; and
  - Medicare approved for lung transplants.

Only the first two types are in the list. There were no updates to the listing of facilities for lung volume reduction surgery published in the October through December 2013 quarter. This information is available at <a href="https://www.cms.gov/MedicareApprovedFacilitie/LVRS/list.asp#TopOfPage">www.cms.gov/MedicareApprovedFacilitie/LVRS/list.asp#TopOfPage</a>. For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

### Addendum XIV: Medicare-Approved Bariatric Surgery Facilities (October through December 2013)

Addendum XIV includes a listing of Medicare-approved facilities that meet minimum standards for facilities modeled in part on professional society statements on competency. All facilities must meet our standards in order to receive coverage for bariatric surgery procedures. On February 21, 2006, we issued our decision memorandum on bariatric surgery procedures. We determined that bariatric surgical procedures are reasonable and necessary for Medicare beneficiaries who have a body-mass index (BMI) greater than or equal to 35, have at least one co-morbidity related to obesity and have been previously unsuccessful with medical treatment for obesity. This decision also stipulated that covered bariatric surgery procedures are reasonable and necessary only when performed at facilities that are: (1) certified by the American College of Surgeons (ACS) as a Level 1 Bariatric Surgery Center (program standards and requirements in effect on February 15, 2006); or (2) certified by the American Society for Bariatric Surgery (ASBS) as a Bariatric Surgery Center of Excellence (BSCOE) (program standards and requirements in effect on February 15, 2006).

For the purposes of this quarterly notice, we list only the specific updates to Medicare-approved facilities that meet CMS's minimum facility standards for bariatric surgery and have been certified by ACS and/or ASMBS in the 3-month period. This information is available at <a href="https://www.cms.gov/MedicareApprovedFacilitie/BSF/list.asp#TopOfPage">www.cms.gov/MedicareApprovedFacilitie/BSF/list.asp#TopOfPage</a>. For

questions or additional information, contact Kate Tillman, RN, MAS (410-786-9252).
